The Aquarium Club is a group of students who want to learn more about keeping fresh and saltwater fish in aquariums. We will be responsible for setting up aquariums around the school, maintaining these aquariums, and breaking them down at the end of the school year. Once the club is established, students will perform regular maintenance on their tanks and feeding of fish during the day as necessary. This is usually accomplished during homeroom, lunch or even during a class down time if the tank is in that particular teacher’s room.

The Aquarium Club will meet one or two Thursdays of every month from 2:05 pm to 3:15 pm. The actual meeting dates are listed on the back of this form.

If you would like to join us in this ‘fishy’ adventure, please complete the permission slip below and return it to Ms. Barboza in room A-8 or Ms. Zanetti in room D-8. If you have any questions, you may call Ms. Barboza at 410-887-7902 or email her at kbarboza@bcps.org.

Student’s name: ________________________________

I give my permission for my son/daughter to stay after school the assigned Thursday of each month for the Aquarium Club. I will pick up my child at 3:15 pm on meeting days.
