

Chess Club

Summary:

Would you like to be a member of the Chess Club? Our mission is to provide students with a safe place to play and practice their craft. The Chess Club believes young people can have fun while being competitive. Please know that this club is not intended to teach students the game of chess, but to provide a place to practice and play with other chess enthusiasts.

Key Topics:

Chess club participants will be given the opportunity to play in county-wide chess competitions at Cockeysville Middle School in April.

Expectations:

Chess Club runs bi-weekly until 3 PM (currently, it runs on Tuesdays but is subject to change with each school year.) Students may use the in-school Chess Sets, may bring their own, or use computerized versions of chess games. Brackets are set and students play each other during our club time.
