

# MATHCOUNTS

## Summary:

MATHCOUNTS is a club that helps build problem solving skills and positive attitudes about math. It is for all students grades 6-8. We meet once a week to practice engaging math problems and to prepare for the Chapter MATHCOUNTS competition which is usually the First Saturday in February.

## Key Events:

- School MATHCOUNTS competition, January
- Chapter MATHCOUNTS competition, February
- State MATHCOUNTS competition, March

## Expectations:

- Meets once a week after school
- Come to the club ready to have fun solving engaging math problems

## Photos: if applicable
